
Other Games to Play

AlphaBeetle Race

Spread out the uppercase cards all over the floor. Have your child start at “A” and then race to pick up “B”. Continue through the alphabet until all cards have been collected.

Repeat the activity and time them to see if they can beat their previous time.

AlphaBeetle Go Fish!

Use both the upper and lowercase cards to play Go Fish! Uppercase letters can match with lowercase letters.

Deal each person seven cards and take turns asking things like, “Do you have the letter G?”

If you get a match, you get to go again. Keep playing in turn until all the matches have been claimed.

Whoever has the most matches at the end wins!

“A” is for AlphaBeetle

Shuffle the uppercase cards and place them face down to create a “draw” pile. Take turns drawing a card, naming the letter, and saying something that starts with that letter.

For example, “The letter ‘G’. G is for giraffe.”

Increase the challenge by seeing how many words you can think of that begin with that letter. See who gets stumped first!

You can also keep score. You get one point for every word you can think of. Whoever has the most points when you are finished playing wins!

AlphaBeetle Memory Match

Select six to twelve letters of the alphabet you want your child to practice. Get both the lowercase and the uppercase cards for each letter.

Shuffle and place them face down on a table in a grid. Take turns flipping over cards and trying to find the matching letters.

If you make a match, take the pair from the grid. If no match is made, turn both cards back over.

The person with the most pairs at the end wins!

AlphaBeetle Bingo!

Download the free printable AlphaBeetle Bingo sheets from AlphaBeetles.com and play the classic game with a partner.

Use the uppercase cards to draw letters and mark them off on your bingo sheet using a pen, pencil, or any other type of marker or chit.

The winner is the first person to shout “Bingo!”
